Yes, at Kejamove, we have extensive experience and expertise in handling specialty items such as pianos, fragile antiques, artwork, and other delicate belongings. We understand that these items require special care and attention during the moving process. Here's how we ensure their safe transport:

Expertise and Training: Our moving team includes trained professionals who specialize in the handling and transportation of specialty items. They have the skills and knowledge necessary to pack, load, and transport

these items securely.

Customized Packing Solutions: We use specialized packing materials and techniques tailored to the specific needs of each item. For example, pianos may require padded blankets, straps, and custom crates to protect them from scratches and damage.

Careful Handling: Our movers exercise caution and precision when handling specialty items. They take extra care during loading, unloading, and transportation to minimize the risk of accidents or mishaps.

Insurance Coverage: All specialty items are covered under our comprehensive insurance policy. This coverage provides additional protection and peace of mind in the unlikely event of any unforeseen incidents during transit.

Consultation and Planning: Prior to the move, we conduct a thorough assessment of your specialty items. This allows us to develop a customized moving plan that addresses any unique requirements and ensures a smooth and successful relocation.

At Kejamove, we are committed to delivering top-notch moving services that prioritize the safety and security of your valuable possessions, including specialty items. Whether you're moving a piano, delicate artwork, or antique furniture, you can trust us to handle your items with the utmost care and professionalism.

For more information on our specialty item handling services or to discuss your specific moving needs, please contact us at 0711931212 or visit our website at [Kejamove](http://Kejamove.com).

Yes, at Kejamove, we offer comprehensive packing services to ensure a smooth and stress-free moving experience for our customers. Here's what our packing services include:

Packing Materials: We provide high-quality packing materials such as boxes, packing tape, bubble wrap, and protective padding to safeguard your belongings during transportation.

Professional Packing Services: Our experienced packers are trained to efficiently and securely pack all types of items, from fragile glassware to bulky furniture. They use industry-standard techniques to maximize space utilization and minimize the risk of damage.

Customized Packing Solutions: We tailor our packing services to meet your specific needs. Whether you

require full packing services for your entire household or partial packing for specific items, we can accommodate your preferences.

Unpacking Services: Upon arrival at your new destination, our team can assist with unpacking your belongings and placing them in designated areas as per your instructions.

Self-Packing Option: If you prefer to pack some or all of your belongings yourself, we also offer self-packing options. We can provide you with the necessary packing materials and guidance to ensure your items are packed securely for transit.

Our goal is to make the packing process as convenient and efficient as possible for you. Whether you choose our full packing services or opt for self-packing, Kejamove is here to support you every step of the way.

For more information on our packing services or to request a quote for your upcoming move, please contact us at 0711931212 or visit our website at Kejamove.

Here at Kejamove, we recommend booking your move as early as possible to secure your preferred dates and ensure availability. Here's some guidance on when to consider scheduling your move:

Peak Seasons and Holidays: During peak moving seasons (such as summer months or end of the year holidays) and weekends, demand for moving services tends to be higher. To secure your desired moving dates during these times, we advise booking at least 4-6 weeks in advance.

Off-Peak Periods: While we strive to accommodate last-minute requests whenever possible, booking in advance provides you with more flexibility and ensures that we can allocate the necessary resources for your move. For moves during weekdays and outside of peak seasons, booking 2-4 weeks in advance is typically sufficient.

Special Requirements: If your move involves specialty items, long-distance travel, or specific timing constraints, it's advisable to book further in advance. This allows us to plan accordingly and address any unique needs you may have.

Flexibility: If your moving dates are flexible, we can often accommodate shorter notice bookings. However, for optimal planning and to secure your preferred moving dates, early booking is recommended.

By booking your move with Kejamove in advance, you not only ensure availability but also allow us to provide you with personalized service and a seamless moving experience.

For assistance with scheduling your move or to request a quote, please contact us at 0711931212 or visit our website at Kejamove.

At Kejamove, we offer flexible payment options to accommodate our customers' preferences. We accept the following payment methods for our moving services:

Bank Transfers: You can make payments via direct bank transfers to our designated bank account. We provide our bank account details upon confirmation of your booking.

Mobile Money: We accept payments through popular mobile money platforms such as M-Pesa in Kenya. Our M-Pesa details will be provided for your convenience.

Credit Cards: We accept payments made with major credit cards, including Visa and Mastercard. This provides you with added convenience and security for your payments.

Cheques: For corporate or business customers, we also accept payments by cheque. Please ensure that cheques are made payable to Kejamove Limited.

Cash Payments: While we encourage electronic payments for transparency and security, we also accept cash payments upon agreement and under certain circumstances.

We strive to make the payment process as convenient and secure as possible for our customers. If you have any specific payment-related inquiries or preferences, please feel free to contact us at 0711931212 or visit our website at Kejamove.

"Moving is always a stressful experience, so it helps when the moving company you contract does all it can to make the process as stress and incident free as possible. A first time user of their service, KejaMove did not disappoint. They arrived within the time frame provided and made swift work of loading and packing loose items. Their large and skilled team wrapped and secured all the household goods in the best possible way - barely any dents or marks. I was also pleased that my Dstv and hot shower installation was part of the package, minimizing the number of different people I had to involve in the process. It rained during the move but the team worked ceaselessly and ensured that by the time they left (well past their standard working hours) we were relatively well setup in the new house. And I was impressed that they had a lady in the crew as well! She was an absolute gem. Five stars for sure - will never move in any other way.

"Number one customer satisfaction is Timelines and this guys were just amazing they were spot on time.. Then come to the team cohesion and efficiency.. Went way above what was expected to give me an experience not to forget.. i am an absolutely satisfied customer courtesy of Keja Move. I give you guys 11/10.

"We used KejaMove on 23rd of March and their services were top-notch. Within 3 hours we had moved and settled in the new apartment without lifting a finger. They did everything, cleaning of the shelves and cabinets included. We were so impressed and I would highly recommend their services. Did I mention that they were extremely professional.. A special shout out to movers and Brian as well for keeping a constant communication with us up to the last minute.Keep up the good job KejaMove team.

"I haaate moving out because of the hustle and most of the time loss of things and breakage, but mostly the fatigue of it all and most of the time even with this moving companies even after paying crazy amounts, it feels like you did all the work yourself . Soo in my usual rantings to my friends, one of them suggested Keja Move i made an inquiry , first, they have impeccable customer care, i mean this guys!!! Anyway so, they did the survey and gave me a quote , well shock !!! Their quote was good i mean i am mundu wa economic watch soo you know some digits i am not working with! Ok so D Day arrives these wonderful people are on time , the one thing that is rocket science to half of these service delivery companies, they are an army i ain

shitting you these men are organised they just don't run around the house like headless chicken ...in two hours i was done with the old house, cleaned and off. Then came the new house !!! They put my things exactly how they found them and in the right places ..neatly and carefully ,no breakages at all!! oh and they hang my curtains too !!! All this with still the most amazing customer care yaani i did NOT shout once people, yes ..this is a local company. I dont give 5 star reviews , ok wait there were 2 companies that got me to do that ..but if you are moving waaah i am definately recommending these guys to you Keja Move!! Well done !!!”

“Two of my friends told me that keja move have the best services ever”

“Thank you Thank you. Keja Move gave me the best service. They were on time, handled everything carefully and they worked very fast. A very organized and polite team . Stress free moving. Thank you.”

“Kejamove crew, thanks a million - At almost 9 months pregnant you made my move seamless, on time and stress free... My number 1 home movers!”

Page: Decluttering - KejaMove

Well, think about this: studies show that Cluttered Spaces bring anxiety and stress to a home. It thus becomes very difficult to maintain a state of wellness over time when your body energy is channeled into coping with stress.

We strongly believe that how your home “feels” is as important as how it looks.

This is why we help you de-clutter and organise your home.

Page: Tips for Moving Safely during the COVID-19 Pandemic - KejaMove

Below we have answered a few questions to get you started on what we at KejaMove are doing in that regard:

Yes we are open for moves within the specified timelines. Our contact lines are open 24hrs a day and our movers are up and running from 0600hrs to 0530hrs daily.

No. Moving Companies are not essential services despite being under the 'Transport and Logistics' sector. This does not however mean that cross county moves can not be done.

Make sure you ask your professional moving company what measures they are taking to ensure a safe move experience during the COVID-19 outbreak. Most reputable movers understand the safety of you and your belongings is critical during any move. However, when it comes to your safety and health, it's imperative the moving company you choose demonstrates considerable vigilance at this time.

If you're moving from 1,2 or 3 bedroom apartment kindly log onto www.kejamove.com, fill up the simple prompt and your quote will be displayed instantly. For those moving offices and from stand alone houses (maisonettes) kindly record a video of your inventory and share it via our 24hr whatsapp contact 0711931212 and a quote will be shared with you shortly.

Upon receipt of quotation, our customer service representative will be in touch to firm up plans and help you secure a booking for your preferred date and time. When you receive your moving quote, you may want to inquire about refund and/or deposit policies in the event you do need to cancel your move. Most reputable moving companies will consider the unprecedented circumstances and work to accommodate your needs. Lastly, make sure you know who to contact and have the correct phone number(s) should you decide to cancel/reschedule your move.

KejaMove Offers professional fumigation & disinfection services. You may want to add this during the quotation stage. After the moving crew is done setting up and arranging your new house, our disinfection expert will extensively disinfect surfaces, equipment and hallways leading to your house.

Page: How to prepare for your Move - KejaMove

Do this about two weeks before your move. Take the time to go through your belongings and identify what items you would like to take to your new home and what items have run their course. Sell or give away anything that is in good condition. Throw away anything that is beyond repair.

Have your new home cleaned a day or two before you move in. We are now offering cleaning services with fumigation [click here](#) to learn more.

A few days to your move begin packing your items room by room. You can use our KEJAMOVE plastic crates or use cartons, especially if you'd like to have some items put to storage first.

On the day of the move take down the curtains, fold and place them in a box. Remove the bulbs, wrap them carefully with wrapping paper and place them in a small box. If they are too high to reach, our team is always more than happy to help.

Page: Packing your Sitting room - KejaMove

Begin by packing the small items. Wrap any fragile items such as artwork, picture frames, decor items with wrapping paper, place these items carefully in boxes and add more paper into the boxes to create proper buffing. label each box with the items and write "Fragile" on any box that has breakable items. Pack books, CD records and any items on bookshelves into labeled boxes. Books can get very heavy so we advise using out plastic moving boxes for any of your heavy items. They are seal-able and extremely stable.

Next pack the electronics, i.e Television, Home Theatre, Computers etc. Place them in their original box(es) if you still have them. If you do not have their original boxes, carefully wrap them with wrapping paper and secure it with cellotape. For the Tv you can cover with a carton to protect it and secure it in place with a cellotape. Indicate any fragile items as well. Place smaller electronics such as wires extension cables wrapped properly and in a labeled box.

Wrap your furniture. Use our stretch wrap to cover the seats, table stools etc to prevent them from dust, water, and scratches. Finally roll up your carpet.

If you have a mounted tv our professionals can help you dismount it, so feel free to leave it. We also will help you with the Zuku or DSTV installations

Page: Packing your Bathroom - KejaMove

This is probably the easiest room to pack. Make sure any liquids and powders are tightly closed. You can place opened washing powders in plastic containers or wrap them with tape. Place the items in a box and label it “bathroom”. If you have just done laundry, always pack this separately and be sure to take them out first when you get to the new house. You can place the clothes in buckets, cover with a lid and wrap with Stretch Wrap.

If you have bathroom decor, i.e mirrors etc, cover the mirror with a carton and wrap it with wrapping paper. Secure in place with Packing tape and label it appropriately. If you have any other decor items wrap them with wrapping paper and place them in a box. Make sure to label any fragile boxes accordingly.

On moving day use Masking tape to place a large X on your mirrors and glass frames. It will not prevent it from breaking but it will help absorb shock and keep the glass in the frame in case it is dropped.
