Thousands of tenants are finding houses through Hauzisha. Now it's your turn

Search a house

**REVIEW SUGGESTED HOUSES**

**CONTACT AGENT OR LANDLORD FOR VIEWING**

Real estate in Kenya majorly consists of property for sale or property for rent. Property for sale can include residential houses for sale, offices for sale, godowns for sale and land for sale . Property for rent can include residential houses for rent, offices for rent, furnished houses for rent and leased land. Each of these can again be broken down to various options. At Hauzisha we focus on two main options: houses for rent and houses for sale

All house listings on Hauzisha are categorized based on different options. These options majorly revolve around the houses features, locality, sale price or rental amount charged per month. These options can be.

All house listings on Hauzisha are Our goal is to offer a reliable market place for clients interested in

**Website: [hauzisha.co.ke](http://hauzisha.co.ke)**

purchasing or renting a house anywhere in Kenya. To meet this goal we consider a number of options before onboarding agents to list houses with us. These are:

Riruta

Conveniently located 100M away from the Kikuyu / Naivasha Road Junction, Keza has been designed to be an ideal first home or the perfect investment opportunity. Spanning over 4.5 acres with ample green space, a resident's park, and lots of recreational facilities, Keza is Riruta's newest Urban Oasis.

Based on research, Riruta and the general Naivasha Road areas have historically enjoyed high occupancy rates and have had a tenant preference on account of proximity and good connection to Kilimani, Upper Hill, and the CBD. We project a blended return from both capital gains and rental yields for this investment to exceed 22% in the medium term.

The anticipated construction start for the property is Q2 of 2023. The property will include Studio, 1-bedroom, and 2-bedroom apartments.

## **Page: Land and Plots for Sale in Kenya - Hauzisha**

Fill out the form to let us know what kind of land you are looking for

There are many ways you could search for potential land to buy. Here is why you should start with us.

Only agents who have been tested and trusted are allowed to list a property on our platform. We review the list regularly

We offer many offers in various parts of the country to help you save money. That way you can pick what fits you

You can check out offers at your own convenience. Our platform is available for you at all times

There are different land sizes available for purchase. The most common are 50 by 100 and 40 by 80 plots available in different parts of the country and specially developed areas. Away from the towns, you can buy land ranging from 1 acre to thousands of acres

There are different land sizes available for purchase. The most common are 50 by 100 and 40 by 80 plots available in different parts of the country and specially developed areas. Away from the towns, you can buy land ranging from 1 acre to thousands of acres

There is no better land than the other. The usefulness of land is dependent upon the intended use.

For instance, if you are looking for agricultural land, a plot in Nairobi, though lucrative may not be the best choice for you.

A 20-acre farm in a remote area may be the best choice in this case.

Every land purchase in Kenya begins with a land search at the lands ministry offices.

These offices are distributed across the country and can easily be done within 24-48 hours.

This helps ascertain the owner of the land before you can initiate any discussions about the purchase

Land ownership is either freehold or leasehold.

Freehold allows one to own the land for an indefinite period of time while leasehold is often limited to 99 years.

Leasehold land often has land rates that are payable to governing body in the area concerned

Save time finding houses for sale, houses for rent, furnished apartments and land for sale in any neighbourhood with the Hauzisha app. Finding your perfect fit starts here Find your place with details photos and a variety of listings that you won't find anywhere else The Hauzisha app gives you resources and tools to help make your house-hunting or land search journey smarter and more seamless\* Know which rental houses, houses for sale, furnished apartments, land, offices, shops, orgo-downs are near any given point on Google Maps such as your workplace, school or any general point of interest\* Use the radius option to sort only those houses close to the point selected\* Know which houses are listed by owners and which ones are listed by agents\* Use Filters for budget, land size, house types, and amenities to see only options that match your need\* Save what you like and follow up on your own time\* Get Push notifications when houses or land matching specific criteria are listed

Version 1.9.5

Bug fixes and performance improvements

6 Ratings

Found a house through Hauzisha app, didn't have to go house to house physically. Good job.

Hauzisha is the place to be for rental hunters. A very simple and easy to use app. Found my rental in Utawala through Hauzisha. Kudos.

BAMBURI GREENVIEW APARTMENTS

Bamburi Greenview Apartments is the newest addition to a successful portfolio of affordable housing developed by Fairdeal Properties.

Conveniently located within the Bamburi area in Mombasa, the project has close proximity to the Beach Hotels on the North Coast of Mombasa and the bustling Links road (multiple malls, hospitals and health centers and international schools).

The project features efficiently designed 1, 2 and 3 bedroom apartments spread over 3 phases with amenities matching high-end developments. The intention is to ensure Bamburi Greenview Apartments becomes the desired affordable housing scheme in Mombasa, ensuring attractive returns for investors and a home to be proud of for first time home buyers.

In line with the government's affordable housing initiative, the project's attractive pricing and 40-months interest-free payment plan will help make the home-ownership journey a reality for many Kenyans.

## **Page: About Nairobi CBD - Hauzisha**

by Joy Gathirwa | Mar 31, 2022

The Nairobi CBD (Central Business District) is located inside Nairobi City.

It is flanked by several notable streets, such as Loita Street towards the Westlands/University Way side.

The end of the Nairobi CBD as one walks towards Railways is Luthuli Lane.

The CBD is also bordered by Kimathi Lane and Charles Rubia Road towards Khoja and GPO areas respectively.

The Nairobi CBD is in the Nairobi Central County Assembly Ward, within Starehe Constituency. They are part of Nairobi County.

The Nairobi Central County Assembly Ward covers 1.70 square kilometers, and has an approximate population of about 13, 325 people.

The postal code for Nairobi CBD is 00100.

The Nairobi CBD region experiences a warm and temperate climate.

Summers tend to be short, warm and overcast, while winters are cool, dry, and sometimes cloudy.

The months of April and November receive the highest amount of rainfall, while July and August remain the driest months.

The Nairobi CBD has a lot of commercial property in the form of office space and business shops.

Commercial buildings and spaces in the Nairobi CBD are available for sale as well as for rent.

For rental spaces, one can also look for options that allow tenants to occupy the space and begin paying rent after a few months, once business picks up.

Commercial spaces in the Nairobi CBD are relatively small due to high demand.

Buyers and tenants can also find larger spaces in the less occupied streets of the CBD, but the rent or price for sale will be much higher.

The Nairobi CBD is a relatively safe area, but only during the day.

Even then, crimes such as pickpocketing are very common.

The Nairobi CBD is unsafe to walk in at night, and one faces the risk of being robbed or mugged, especially in poorly lit areas.

Nairobi CBD residents get their water from the Nairobi City Water and Sewerage Company, which has sources like Ndakaini Dam, Sasumua Dam, Ruiru One Dam and Kikuyu Springs.

Water supply is relatively consistent within the Nairobi CBD.

Water supply services within the Nairobi CBD are covered by the Nairobi City Water and Sewerage Company (NCWSC).

Nairobi CBD's main supplier of electricity is the Kenya Power company.

Blackouts within the Nairobi Central Business District are rare, and only experienced when technical faults affect nearby power lines.

An example would be the most recent blackout in January resulting from a fault in the Embakasi power line.

Kenya Power may also announce a scheduled power interruption during their maintenance activities.

## Page: About Ruiru - Hauzisha

by Joy Gathirwa | Apr 6, 2022

Ruiru is located about 20 kilometers away from Nairobi's Central Business District, towards the northeast.

Ruiru is a constituency inside Kiambu County.

It has a total of 8 county assembly wards.

Ruiru covers 292 square kilometers.

Ruiru Constituency has a population of 490,120 as of 2019, according to the Kenya population census that year.

The postal code for Ruiru is 00232

Ruiru's climate type is classified as tropical savanna climate, specifically characterized as generally warm, mild, and temperate.

The temperature averages 23° with precipitation even on the driest months.

Rain falls for 213.5 days a year, and the driest month is January.

Ruiru has multiple townhouses, detached duplexes, detached bungalows, terraced duplexes, and maisonettes in gated communities within the area.

Ruiru also has apartments buildings with homes of different sizes.

Houses in Ruiru are available for rent as well as for sale.

Ruiru has large bungalows with as many as five bedrooms, built within spacious compounds that also have staff quarters.

It also has maisonettes in estates with parking spaces and backyards for children to play in.

Smaller houses are available like in the case of one bedroom and two bedroom apartments in flats.

Ruiru was considered a relatively safe area to live in, but has since witnessed an increase in various crimes.

This has been attributed to the growing population density as well as the accessibility of the area, seeing as it is located along the Thika Super Highway.

Crimes on the increase include fraud, murder, human as well as drug trafficking and the production of

counterfeit goods.

Ruiru residents get their water from the Ruiru River, which is treated at the Jacaranda Water Treatment Plant and the Kibendera Water Treatment Plant.

Ruiru and its environs experience water shortages as a result of the high demand attributed to population increase in the area.

The current water treatment plants also have low capacity, and water distribution has to be managed to cater for multiple residents.

The Ruiru-Juja Water and Sewerage Company is in charge of water treatment, supply, and distribution in the Ruiru area as well as in Juja.

Ruiru's main supplier of electricity is the Kenya Power company.

Power blackouts in Ruiru occur whenever there seems scheduled interruptions by the Kenya Power company.

These interruptions are typically communicated in advance.

## Page: About Syokimau - Hauzisha

by Admin | Mar 29, 2022

Syokimau is one of the most popular neighbourhoods to live in for people working on the outskirts of Nairobi. It has a variety of geographical, physical, and economic attributes that draw in residents looking for new homes.

It has also undergone rapid development from a fairly deserted area, into the bustling metropolis that it is today. It is no surprise that the place has drawn a lot of interest as a residential and commercial area.

Consequently, one might have a number of questions about Syokimau and the experience to expect when you move in.

Here is an extensive guide about the area

Syokimau is located along Mombasa Road, south of Nairobi, Kenya's Capital City. It is at the border of Nairobi County and Machakos County.

It is a residential area in Syokimau/Mlolongo ward in Mavoko constituency which falls under Machakos County.

Syokimau occupies approximately 37.3 square kilometers and has a population of 42,154 inhabitants according to the 2009 National Census report.

The postal code for Syokimau town is 90100

The area of Syokimau is named after Prophetess Syokimau of the Akamba tribe of Kenya, who lived in the 1800s. She was a formidable and widely respected Kamba woman, popularly known for her prophecy about the coming of white colonialists to Kenya. While narratives about her powers and religious methods differ, scholars agree that a fellow prophetess Syonguu of the same Akamba community named an area of Athi River after prophetess Syokimau, and it continues to bear that name to this day.

In terms of political leaders, Syokimau falls within the Syokimau/Mlolongo Ward within Machakos County. Syokimau/Mlolongo Ward is represented at the Machakos County Assembly by Honorable Daniel Mbevi, the Member of County Assembly (MCA). He has been the representative for Syokimau since 2013.

Machakos County is led by a governor, His Excellency Dr. Alfred Mutua. He has been in office since 2013, when he won the first ever gubernatorial elections in Kenya. He successfully ran for office again in 2017. His term is set to end in 2022.

Syokimau and the general county of Machakos experience relatively warm to hot temperatures throughout the year, with the daily temperatures averaging 25 degrees Celsius all year.

Increased rainfall is experienced between the months of March and May, then again between October and December. Rainfall reaches as high as 13.5mm per day during these months.

The region experiences longer hours of sunshine between December and March, then gets cooler as June and July approach.

Over the years, Syokimau has grown as an industrial town, with many factories setting up shop in the area. That has come with a number of consequences, including extensive air pollution

The towns around Syokimau are Mlolongo, Athi River, and Nairobi.

Mlolongo is about 5.8 kilometers from Syokimau, via Kiungani Road.

Athi River is 15 kilometers from Syokimau.

Nairobi City is 19.9 kilometers from Syokimau, via Mombasa Road.

Geographically and politically speaking, Syokimau is not in Nairobi because it is inside Machakos County, and Nairobi City is inside Nairobi County (a city-county since the county borders are also the city limits).

Syokimau has a very important relationship to Nairobi City because it is a satellite town. Satellite towns are described as smaller municipalities adjacent to a major city that is the core of a metropolitan area.

They serve the function of providing employment and residential opportunities for people who would otherwise increase demand and possible congestion within the major city.

As such, Syokimau provides jobs and homes close enough to the capital, but outside it.

The distance from Nairobi CBD to Syokimau is 20 kilometers, and it takes approximately 45 to 50 minutes to get there using a personal car.

Using matatus, one would take about an hour and ten minutes to reach the CBD by walking from the

Commercial terminus or the Kencom/Ambassadeur terminus.

The distance from Syokimau to Mlolongo is 5.9 kilometers, by way of Kiungani Road, and it can take up to 20 minutes to get there using a personal car.

On a motorbike, one would spend 16 minutes.

You can also choose to take a cab and spend 20 minutes.

Cab fare to Mlolongo could cost anywhere between Ksh 270 and Ksh 320 using one of the common cab hailing services used in and around Nairobi, as of February 2022.

The distance between Syokimau and Machakos is 48 kilometers, and it takes about an hour and four minutes to get there using a personal car.

Using public transportation, one would take about one and a half hours.

All these timelines are rush hour approximations when traffic is at its peak, and you are likely to experience traffic jams.

The matatu stage is located at the old Nairobi Railways station, near the entrance.

As of February 2022, boarding a matatu from Nairobi to Syokimau can cost between one hundred to three hundred shillings.

You can go to Syokimau from the Nairobi City CBD by using matatus that ply the 110 route. These matatus also have bus stops at Kitengela, Mlolongo, and Athi River.

These places are 30 kilometers apart, and you can use a matatu to get from the Westlands Stage, to the CBD at the Commercial terminus.

Thereafter, you can walk to the Railways terminus and take a matatu to Syokimau.

Alternatively, you can use a cab and pay about Kshs. 1200

Syokimau and Embakasi are 13 kilometers apart, and you can use a matatu to move from the Cabanas Bust Stop at Embakasi, to Syokimau. Otherwise, you can use a cab and pay about Kshs. 600.

The two destinations are 24 kilometers apart, and you can use a matatu to get from the Yaya Centre Stage, to the CBD at the Odeon terminus.

Thereafter, you can walk to the Railways terminus and take a matatu to Syokimau. Alternatively, you can use a cab and pay about Kshs. 1000

Syokimau and Utawala are 19 kilometers apart, and you can use a matatu to move from the Stage at Utawala to Syokimau.

It will pass through Embakasi.

Otherwise, you can use a cab and pay about Kshs. 800. These cab fare prices stand as at February 2022, and are approximated on the higher side.

The distance from Syokimau to JKIA is 12 kilometers.

It would take you about 33 minutes to drive to the airport, and about the same amount of time to take a bicycle ride. However the time can vary depending on traffic jam along the way.

You can easily get to JKIA from Syokimau and vice versa using your car or by hailing a taxi cab, many of which tend to be readily available to complete airport transfers. In February 2022, it costs anywhere between Ksh 500 and Kshs 600 to use a cab between Syokimau and JKIA.

Kitengela is yet another town accessible from Syokimau. The two towns are 17 kilometres apart.

They have nearly similar weather conditions and are both preferred over other parts of Nairobi for their affordable housing and property rates.

They both offer commuters a place to stay that is close and accessible to Nairobi, but far enough to be a lot less congested.

There are a couple of differences between the two locations. First is Syokimau is in Machakos County, while Kitengela is in Kajiado County.

Secondly, Syokimau is a major industrial town, with a lot of factories and processing industries.

Meanwhile, Kitengela has grown as a largely pastoral area, with a focus on privatization of pastoral land and commercialization of livestock keeping. As such, Kitengela has fewer industries and is mostly known for its extensive homes belonging to middle class families.

Kitengela is famous for its roasted meat industries and has a more close-knit community as compared to

Syokimau which attracts people from a variety of geographical areas.

What are the popular roads in Syokimau and what can you find along them?

Mombasa Road is the primary route used to access Syokimau, and is the major highway for those moving from Nairobi City to Machakos County.

Notable in-roads in Syokimau include Katani Road, Kiungani Road, Airport Road, Beijing Road, and Chady Road.

Chady Road is closer to the Mombasa Road Highway, and significant places such as the Mavoko Park Estate, Palm Airport Suites and Lifestyle Gardens.

On Airport Road, one can find the Nairobi Airport Inn.

Katani Road is home to the Thabiti Health and Fitness Center, plus entertainment spots like Zed Zed Bar and Butchery and The Grille Bar and Restaurant.

There are several facts about Syokimau that make it attractive to people looking to live here.

Most notably, we have accessibility, which is facilitated by Mombasa Road as well as the Nairobi Commuter Railway Service.

It is easy to move from Syokimau to other significant towns and cities, including the coastal city of Mombasa which is accessible within four hours using the Standard Gauge Railway.

Syokimau is also more affordable to live in, compared to areas like Kilimani and Westlands in Nairobi.

You can get a lot more space for your family at a lower price than what you would need to pay in other parts of Nairobi.

Furthermore, Syokimau living spaces are a lot less crowded and noisy, providing a serene environment with a suburban feel.

It is a good place to live for people who need to live closer to the city but are looking to avoid spending too much money on rent, mortgage, or buying a house. Thus, it is ideal for young families as well as the working class.

Large spacious houses also make it ideal for families.

Syokimau has apartments, bungalows, townhouses, and maisonettes in estates that residents may live in.

Popular estates with townhouses in Syokimau include Athi View Estate, Mavoko Park Estate, and Syotani Villas.

Apartments are available in Olonyori Apartments, Easy Prestige Apartments, and other condominium complexes.

They are all available for rent or sale, with most rental services being on offer for apartments and townhouses.

A lot of residents have built their own stand-alone bungalows on purchased land, designed with large compounds and facilities like staff quarters.

View houses for rent in Syokimau

View houses for sale in Syokimau

Houses in Syokimau tend to be larger and more spacious owing to the more affordable cost of land and construction materials in the area.

Syokimau is generally a secure place, with adequate security provided by the Syokimau Police Post, Mlolongo Police Station, and the Syokimau Residents Association where locals can air out any grievances or ask for assistance.

House break-ins are rare, thanks to the different security firms which cover apartment buildings and estates.

Examples of these firms include Jeff Hamilton Limited as well as Security Group Africa (SGA)

Syokimau has an extensive job market, with more jobs in certain areas. For example, the multiple factories in the area employ a lot of casual laborers as well as skilled manpower in niches like technology, engineering, and industrial chemistry.

Syokimau also has its fair share of hotels and restaurants, especially considering that a lot of travelers who use the SGR train and the Jomo Kenyatta International Airport need food and accommodation services.

The neighborhood also has vacation rentals and short-term stays. As such, there are many jobs in the hotel and hospitality industry, including food service and preparation, cleaning services, hospitality, and hotel management.

Syokimau also has a handful of banks, law firms, and hospitals, and these provide employment opportunities for professionals in these fields.

The residents of Syokimau are part of the Mavoko Subcounty which is supplied with water from three primary sources; the KMC and Portland Dams, as well as the Export Processing Zone Authority (EPZA).

Water supply tends to be fairly consistent, but has recently been disrupted by cut offs from the Nairobi Water and Sewerage Company where the EPZA gets its supply from. Syokimau residents solely rely on this EPZA supply that comes from Ndakaini Dam, and are severely affected whenever Nairobi cannot maintain the supply. They tend to turn to local borehole owners who then take advantage of the shortages and hike their prices.

The Mavoko Water and Sewerage Company is currently working on water supply expansion programmes to improve the situation, namely the construction of a concrete underground water reservoir and a 5000 cubic meter storage tank for the Nairobi – Syokimau water line.

Electricity in Syokimau is supplied by Kenya Power, the country's electricity distributor and supplier of electricity.

Blackouts are experienced whenever there is an interruption in the power grid, for example the most recent collapsed tower on the Kiambere-Embakasi High Voltage Transmission Power Line in January of 2022.

Syokimau has a number of hospitals, both public and private. Since it is a major town in Kenya and near Nairobi, it is home to the branches of several major hospitals in the country, including Getrude's Children's Hospital, Agha Khan Hospital, and AAR Healthcare.

Many of the private hospitals in Syokimau are located in malls such as Gateway Mall which makes them easily accessible.

The area is also served by a number of public healthcare facilities such as Syokimau Health Center and Ngwata Public Hospital.

Hospitals in Syokimau typically operate between the hours of 8am and 7pm, but there are 24-hour facilities like Baspen Syokimau Cottage Hospital and Medicross Medical Center.

Syokimau has both private and public schools, starting from kindergarten to primary school, as well as secondary schools and tertiary institutions.

Many of the kindergarten and primary schools provide transport for learners, as well as a host of extracurricular activities to take part in. The primary schools in the area are switching to the Competency Based Curriculum that is currently replacing the previous 8-4-4 curriculum.

Syokimau has a host of other general amenities that allow residents to cater for their lifestyle needs.

When it comes to fitness, health, and overall well-being, the neighborhood has several gyms and massage spas that offer body training and wellness services.

Residents have access to chemists and pharmacies where they can restock on personal care and health supplies, as well as buy prescribed medicine for themselves and their family members in case of any illness.

Significant number of people in Syokimau own cars or use them to move around the town and to the city.

That explains the many car washes and petrol stations where one can refuel or have their car washed and serviced. Speaking of repairs and buying supplies, there are also several garages and hardware stores where you can have your vehicle repaired or buy construction materials respectively.

Access to fresh food is a key part of running any household. In an area such as Syokimau where local farming is minimal, locals rely on traders to bring in groceries and dry foods that they can then buy and restock their homes with. Syokimau has markets, shopping centers, and supermarkets, where you can buy foods and beverages, as well as specific supply stores selling items like liquor.

Thanks to its close proximity to Nairobi City, Syokimau has several reliable communication network providers that you can use for all your mobile communication needs. They also have both national and local internet service providers serving the area and providing WiFi installation services. Most common providers are Zuku and Safaricom home fibre

Syokimau hosts the Nairobi Terminus for the Standard Gauge Railway, launched in 2017.

The railway links Nairobi and Mombasa City, and is one of the largest architectural projects in recent Kenyan history.

The second railway station is The Nairobi Commuter Rail Service which covers movement from CBD to Syokimau and vice versa.

Syokimau has a number of factories such as Kapa oil refinery, Endmor steel millers, Boma Mabati Factory, African cotton Industries-National Plant, Mastermind Tobacco Limited, Simba Pavers ltd among many others.

## Page: About South B - Hauzisha

by Joy Gathirwa | Apr 1, 2022

South B is located north of South C, inside Makadara Division.

South B is located in the Nairobi South (South B) County Assembly Ward, which is in Starehe Constituency and Nairobi County.

South B covers 5.9 square kilometers, and has a population of 53, 303 as per the Kenyan population census of 2009.

The postal code for South B is 00100

South B's climate can be described as a subtropical highland climate, characterised by short overcast summers and dry winters.

The air quality in South B is affected by toxic emissions from nearby factories.

Residents have complained of respiratory problems resulting from these pollutants.

South B Estate is located to the East of Mombasa Road, and is one of the major estates along the highway.

South B extends from Lusaka Road all the way to Kapiti Road.

The journey from Nairobi to South B is covered by matatu route number 11, which cost Kshs 50.

The matatus stop at the Railways terminus in the city.

South B features many residential spaces, ranging from apartments and townhouses to maisonettes.

Houses in South B are available for both rent and sale.

Houses in South B range in size, from small bedsitter apartments to larger maisonettes that contain as many as four bedrooms.

South B is relatively safe to live in, but residents should be cautious about walking in the area at night when roads are deserted.

Areas like the South B bridge have been marked by the Kenya Police as crime hotspots.

South B residents get their water from the three primary dams that supply the county of Nairobi, namely Ndakaini, Sasumua, and Ruiru One.

Water shortages may be experienced in South B as a result of shutdowns whenever the system is undergoing repairs.

The Equitable Water Distribution Program also contributes to water rationing and inconsistent supply within South B.

Water supply in South B is provided by the Nairobi Water and Sewerage Company.

South B's main supplier of electricity is the Kenya Power company.

Blackouts may occur in South B due to electricity interruptions by Kenya Power during scheduled or emergency grid maintenance.
