Sirelo is a platform fully built around the idea of making your move go as smoothly as possible. Whether you're moving from the other side of the world or just around the corner, we are here to help you. As moving experts, we've developed resources and tools meant to fully guide you from A to B. To give you an extra hand, we also provide the profile of more than 1,500 moving companies in which you'll be able to find detailed information and customer experiences. Our ultimate goal is to help you carry out your move with a smile on your face.

Unfortunately, moving costs are one of those things that vary from person to person. For example, a local move can cost around \$1,170 on average, whilst a long distance move can be anywhere between \$1,000 to \$4,500. As well, the total costs of your move can vary according to a number of factors, such as:

In the articles about long distance and local moves we explain in more detail exactly how you can properly estimate the costs of your move. So make sure to give it a read!

If you're wondering how to request moving quotes, don't worry, the experts got your back! When hiring movers, it's best to get quotes from a few moving companies. Do keep in mind that an estimate is not the same as a quote –so be wary if a mover tries to give you just an estimate. If you're looking to receive multiple quotes simultaneously, we've got a quote form that will give you 5 free moving quotes! No strings attached, and it beats having to contact five companies separately.

To ensure that you and the mover of your choice are a match made in heaven, it's crucial that you master the art of efficiently and smartly comparing movers. This fine art is much simpler than it sounds, so don't worry.

When comparing movers, it's likely that your eyes will go directly to the costs –but it's important that you look beyond these! At Sirelo, we usually recommend that, for each mover that contacts you, you evaluate the following extra points:

Trying to remember all of the things you have to do before, during, and after a move should honestly be considered a sport –they don't call it mental gymnastics for nothing! From transferring your utilities to getting your car registered, our handy moving checklists are here to help you with the remembering part!

Whether you're moving locally or to another state, our national moving checklist will guide you through everything you need to get done starting 2 months before your moving date up to the first weeks in your new home!

Moving abroad? We got a checklist for that too! Our international moving checklist is tailored to include all the steps you need to take to make your international move as smooth as possible. We cover all the essentials from making sure you can get your prescriptions in your new country to getting a passport for your pet.

Let's face it. Moving is a process very few people find enjoyable as it's often time-consuming and stressful. And, of course, moving abroad is a bit trickier than moving within the U.S. Because our goal is to make your life easier, we're here to provide you with a few extra resources which will hopefully make your international move as stress-free and cost-effective as possible. Daher möchten wir als Umzugsexperten Ihnen dabei helfen Ihren Umzug stressfrei zu gestalten. Auf unserer Seite erhalten Sie alle wesentlichen umzugsbezogenen Informationen, nützliche Tools und zahlreichen Tipps.

Ein Umzug ist immer mit Kosten verbunden und hängt von mehreren Faktoren ab, die bei der Berechnung der Kosten eine große Rolle spielen. Darüber hinaus hat die Entfernung und die Größe Ihres Umzugs den größten Einfluss. Neben diese Faktoren spielen weitere Faktoren, wie:

Man erhält nicht immer den Preis, den man sich wünscht, aber: Das Leben ist eben kein Ponyhof. Wir raten Ihnen nicht nur von niedrigen Preisen verleiten zu lassen. Mehr Informationen dazu finden Sie im Detail in unserem Artikel Umzugskosten.

Umziehen ist Vertrauenssache – Bei einem Umzug geben Sie einen Großteil Ihres Lebens in fremde Hände, deshalb ist die Entscheidung für eine Umzugsfirma nicht ganz einfach. Bevor Sie aber ewig nach den richtigen Umzugsunternehmen suchen, können Sie auf Sirelo ganz einfach Umzugsangebote anzufragen. Diese erhalten Ihre Angebotsanfrage und senden Ihnen ihr Angebot zu. Dabei sparen Sie nicht nur Zeit, sondern

schonen auch Ihren Geldbeutel. Auf Sirelo finden Sie auch zahlreiche Profile und Bewertungen von Umzugsunternehmen. Mit Hilfe der Erfahrungen anderer Kunden können Sie sich einen guten Eindruck der Firma verschaffen.

Die Liste an Aufgaben und Erledigungen kann endlos sein. Dementsprechend können viele Sachen in Vergessenheit geraten. Nur keine Panik! Um dies zu vermeiden, haben wir Ihnen eine umfassende Checkliste zusammengefasst, an der Sie sich orientieren können. So können Sie sorgenfrei umziehen und Ihre Seele baumeln lassen!

Wir können uns vorstellen, dass ein Umzug einem die Nerven rauben kann und daher viele Menschen in manche Hinsicht verunsichern. Aus diesem Grund sind wir hier, um Ihnen zu helfen! Sirelo hat Ihnen handvolle Umzugstipps zur Verfügung gestellt von Ummeldungen beim Umzug und Strom und Gasanbieter wechseln bis hin zum Packtipps. Na, dann kann wohl nichts mehr schief laufen!

Viele Menschen ziehen einen Umzug in Eigenregie in Betracht, um Kosten zu sparen. Wenn Sie nur mit einem kleinen Hausrat innerhalb der gleichen Stadt übersiedeln und einige hilfsbereite Freunde um Unterstützung bitten können, ist das sicherlich eine gute Option. Doch spätestens, wenn Sie große und sperrige Möbelstücke schleppen oder wertvolle Gegenstände transportieren müssen, stoßen die meisten Leute an ihre Grenzen. Geben Sie sich und Ihren befreundeten Umzugshelfern lieber eine Pause und überlassen Sie den Umzug einer professionellen Umzugsfirma.

Richiedi preventivi ai migliori traslocatori della tua zona, gratuitamente e senza impegno.

Alla ricerca delle migliori compagnie di traslochi in Italia? Trova e confronta i traslocatori della tua zona prima di fare la tua scelta.

Personalizza i dettagli del tuo trasloco, le guide consigliate e i servizi di trasferimento

La reputazione non mente. Consulta il profilo Sirelo di un traslocatore per leggere le esperienze dei clienti recenti.

Il trasloco non riguarda solo i traslocatori. Connettiti con i relativi fornitori di servizi in pochi secondi.

Contattaci tramite il nostro modulo di contatto per essere aggiunto alla directory.

Sirelo è una piattaforma costruita attorno all'idea di rendere il tuo trasloco il più facile possibile. Che tu ti stia trasferendo dall'altra parte del mondo o appena dietro l'angolo, siamo qui per aiutarti. In qualità di esperti di traslochi, abbiamo sviluppato risorse e strumenti intesi a guidarti da A a B. Per darti una mano in più, forniamo anche il profilo di più di 1400 società di traslochi in cui potrai trovare informazioni dettagliate ed esperienze dei clienti. Il nostro obiettivo finale è aiutarti a portare a termine il tuo trasloco con un sorriso.

Purtroppo, i costi di un trasloco sono una di quelle cose che variano da persona a persona. Ad esempio, in media, un trasloco può costare tra 800 € e 2000 €. Inoltre, i costi totali del tuo trasloco possono variare in base a una serie di fattori, come ad esempio:

Negli articoli sui costi di trasloco spieghiamo in modo più dettagliato come puoi stimare correttamente i costi del tuo trasloco. Quindi assicurati di leggerli!

Se ti stai chiedendo come richiedere preventivi, non preoccuparti, siamo qui per aiutarti! Per ogni trasloco, è meglio ottenere preventivi da varie società di traslochi. Tieni presente che una stima non è la stessa cosa di un preventivo, quindi fai attenzione se un traslocatore cerca di darti solo una stima. Se stai cercando di ricevere più preventivi contemporaneamente, abbiamo un modulo di preventivo che ti darà 5 preventivi gratuiti!

Nessun vincolo, ed è meglio che contatta cinque società separatamente.

Per garantire che tu e il traslocatore di tua scelta siate una coppia perfetta, è fondamentale che padroneggi

l'arte di confrontare in modo efficiente ed intelligente le varie aziende. Quest'arte è molto più semplice di quanto sembri, quindi non preoccuparti. Quando compare i traslocatori, è probabile che i tuoi occhi vadano direttamente ai costi, ma è importante che tu guardi oltre! In Sirelo ti consigliamo, per ogni traslocatore che ti contatta, di valutare i seguenti punti extra:

Affrontiamolo. Il trasloco è un processo che pochissime persone trovano piacevole in quanto spesso richiede tempo e molto stress. E, ovviamente, trasferirsi all'estero è un po' più complicato che trasferirsi in Italia. Poiché il nostro obiettivo è semplificarti la vita, siamo qui per fornirti alcune risorse extra che, si spera, renderanno il tuo trasloco internazionale il più privo di stress ed economico possibile. Assicurati di controllare quanto segue:

Op zoek naar de beste verhuisbedrijven in Nederland? Blader en vergelijk eenvoudig verhuizers in jouw regio voordat je een keuze maakt.

Personaliseer je verhuisgegevens, aanbevolen artikelen en relocation services

Reputatie liegt niet. Bekijk het Sirelo-profiel van een verhuisbedrijf om de ervaringen van recente klanten te lezen.

Verhuizen gaat verder dan het vinden van een verhuisbedrijf. Vind vliegensvlug serviceproviders.

Neem contact met ons op via ons contactformulier om aan de directory te worden toegevoegd.

Sirelo is het grootste verhuisplatform van Nederland. Of je nu verhuist naar een woning op de hoek of naar de andere kant van de wereld: wij helpen jou verhuizen van begin tot eind. Op onze website vind je relevante informatie over verhuizen, verhuistips, een checklist verhuizen, handige tools en alle verhuisbedrijven bij jou in de buurt. En niet onbelangrijk: we willen jou niet alleen helpen te verhuizen, we willen je helpen te verhuizen met een glimlach

De kosten van een verhuizing lopen erg uiteen. Zo kan een verhuizing € 750 kosten, maar ook € 4.000. Iedere verhuizing is anders en de kosten zijn afhankelijk van een aantal factoren:

In het artikel Kosten verhuisbedrijf leggen we je uit hoe je de kosten van een verhuizing kunt berekenen.

Dit is een vraag die veel mensen zichzelf stellen wanneer er een verhuizing op de planning staat. Een verhuizing is over het algemeen prima zelf uit te voeren. Hiermee bespaar je al snel honderden euro's. Ben je een handige Harry, heb je genoeg hulp en weet je precies welke materialen je moet gebruiken? Dan is zelf verhuizen zeker een optie. Ben je bereid te betalen om jezelf veel tijd en stress te besparen? Kies er dan voor om de verhuizing uit te besteden aan een verhuisbedrijf.

Via onze website vind je gemakkelijk en snel verhuisbedrijven bij jou in de buurt. Door meerdere verhuizers met elkaar te vergelijken, weet je zeker dat je de juiste keuze maakt.

Jazeker! We hebben de beste tips voor je verzameld zodat jij er zeker van kunt zijn dat je verhuizing soepel

verloopt. Je vindt deze tips op de pagina Verhuistips. Op deze pagina vind je bijvoorbeeld:

Overweeg je om een verhuisbedrijf in te schakelen voor je verhuizing? Dan wil je zeker weten dat je met de juiste verhuizer in zee gaat. Dit bedrijf verhuist immers al je dierbare bezittingen en het laatste wat je wil, is achteraf spijt hebben. Ons advies is daarom om minimaal drie verhuisbedrijven met elkaar te vergelijken, op zowel prijs als kwaliteit. Zo weet je zeker dat het verhuisbedrijf dat je kiest ook echt jouw match made in (verhuis)heaven is.

We horen je denken: hoe vind ik die dan? Op Sirelo.nl! Je kunt hier heel makkelijk verhuisbedrijven vinden en zo meerdere verhuizers vergelijken. Dit doe je door op de pagina Verhuisbedrijf vinden op zoek te gaan naar verhuizers bij jou in de buurt. Door de reviews van mensen die al verhuisd zijn te lezen, zie je direct of een verhuisbedrijf de kwaliteit levert die jij zoekt. Te veel gedoe? Je kunt er ook voor kiezen om ons het uitzoekwerk te laten doen door direct verhuisoffertes aan te vragen.

Het aanvragen van offertes kost je slechts een paar minuutjes tijd – wij gaan vervolgens op zoek naar geschikte verhuisbedrijven. Deze verhuisbedrijven maken ieder een offerte voor je op en jij kunt vervolgens bepalen of er iets voor je tussen zit. Wij bieden dit gratis aan én het bespaart je een hoop tijd. Win-win dus. Zo kun je met zekerheid de verhuizing tegemoet gaan. Wel zo fijn!

Verhuizen betekent veel regelen, dat weten wij als geen ander. De kans dat je iets vergeet is groot. Om dat te voorkomen hebben wij een checklist verhuizen voor je gemaakt. Als je deze checklist tijdens iedere stap van het verhuisproces bij de hand houdt, dan kán er bijna niets meer misgaan! Zie het dus als een verhuisplanning. Handig, toch? Zo loodsen we jou door de verhuizing heen. Download de hier, helemaal gratis. Afvinken maar!

¿Buscas las mejores empresas de mudanzas en España? Busca y compara en tu región antes de decidir.

Configura tus detalles de mudanza, guías recomendadas y servicios de traslado

La reputación no miente. Explora compañías y lee experiencias recientes de clientes.

Mudarse es mucho más que eso. Encuentra servicios relacionados en segundos.

Contacta con nosotros a través del formulario para añadirte en el directorio.

Sirelo es una plataforma de mudanzas independiente fundada en el 2016. Tanto si te mudas a la vuelta de la esquina como al otro lado del mundo, estamos aquí para ayudarte. En nuestra web encontrarás información relevante para tu mudanza, herramientas útiles y una gran lista de empresas de mudanza cerca de ti. Nuestro objetivo final es ayudarte al máximo a lo largo de tu mudanza para que puedas mudarte con una sonrisa.

Mudarse es una gran aventura, pero desafortunadamente, es una aventura que suele ser un poco costosa. A la inversión de tiempo, habrá que sumar la inversión económica indispensable en todas las mudanzas. Realmente no existe un coste fijo, porque cada mudanza es un mundo. Sin embargo, podemos confirmar que el precio de una mudanza en España está entre los 700 y 900€ de media. Hay que tener en cuenta que la distancia, el volumen, el transporte de objetos especiales y los servicios de limpieza conllevarán cambios en el precio final en todas las mudanzas.

¿Te preguntas cuál es la opción más recomendable para conseguir un presupuesto de mudanzas adecuado? No hace falta que te preguntes más, nosotros te tenemos la respuesta. Page: Find & Compare International Moving Quotes

The one question on everyone's mind when organizing an international move is "what is this going to cost me?" In the end, the only way to know is to request quotes from international moving companies. However, although this gives you a price, how can you really know that it is the best price for your move? To assist you with this problem, we have created a simple guide to help you understand moving quotes and how to you select the best quote for you.

One of the biggest mistakes people make is to accept the first moving quote they receive. A little-known fact is that international moving quotes can vary by up to 40%! By accepting the first quote you receive, you greatly decrease your chances of obtaining the best deal for your move. Therefore, we highly recommend that you request multiple quotes so you can get a range of options.

We understand that it can be tiresome to request more than one quote. Many people do not have the time or energy to enter the same information over and over on different websites. So, why not let us do it for you? Simply, enter your details in once and we can put you in contact with up to five reputable international moving companies. All you have to do is sit back and wait for the companies to contact you with their moving quotes.

[request-form]

The main contributors to a moving quote price are the volume and distance you intend to move. If you are at the stage of requesting international moving quotes, the current volume and distance of your move are probably fixed. Therefore, international moving quotes will mostly differ in terms of the additional services they offer and the reputation of the company.

Many people when they receive a moving quote will look immediately to the bottom line: "what is the price?"

However, there is other important information within your quote that you should not hastily scan over.

For instance, you should identify exactly what services are included in your quote and what services are not. Some companies may offer a full service where they pack up your house and unpack it again at your destination for you. However, some companies may simply arrive at your front door, open the moving truck and expect your house to be packed and ready to go! You should understand the services you are paying for so

that there are no surprises later down the road.

Secondly, you should read over the terms and agreement of the service. Pay close attention to the liability section of the document. This determines who, under what circumstances, is responsible for any damages. Make sure you understand the legal implications of your agreement and more importantly, make sure it is fair. Thirdly, is there an insurance service included in your moving quote? At the end of the day, it is your life packed on board that truck, so you want to be covered if something were to happen! Not all moving company quotes include insurance services, so be sure to watch out for that!

Now that you requested multiple quotes from different companies, how are you supposed to choose the moving quote that is best for you? Keep reading to discover the most important factors you should consider when making your decision.

Of course, price is very important. Moving to a new house can be very expensive, especially when it's an international move. You are wise to try and stick to a budget. However, be sure to keep in mind that timeless quote "you get what you pay for". In other words, if you get a cheap quote, you may miss out on the quality of service you desire. Our advice is to not always take the cheapest quote you find but to find the right balance between price and quality of service.

The first question may be "how much does it cost?" But the follow-up question should always be: "what do I get for my money?"

You need to determine what services you require for your move. Then you can audit all the services a removal quote includes and decide which company suits your needs best. You may find it useful to ask yourself the following question to understand what services you require:

When you wave goodbye to that moving truck containing all your belongings, you want it to be in the hands of a company you can trust. A great way to get a sense of a moving company's reputation is to read their customer reviews. This will tell you how other people found their services and guide you in your own decision making. On Sirelo we have review profiles for 1000+ moving companies, be sure to look up any company

who gives you quotes so you can read any customer reviews.

In addition to reading customer reviews, you may also want to check out the company's website. This can give you an instant impression of how professional they seem and if they are reputable. Especially if you require a complex or international move, you would like to see evidence that the company has experience in dealing with your needs.

One expert tip for selecting a moving company quote is to check whether the company belongs to a moving association. International moving associations like FIDI ensure that its members follow a high level of service quality. Therefore, when selecting a moving quote, you should enquire into whether they are a member of a moving association.
